EDISON 65

PERFORMANCE

- **"High Speed" productivity (2,3 - 2,8 Espresso)**, thanks to the unique combination of high-performance motor and 65 mm flat burrs, conceived for barista to offer excellent grind quality.
- Thanks to **infinite adjustment points** (patented by Conti Valerio) the knob guarantees incomparable grind performances in terms of precision and allows to carry out maintenance operations without losing the set setting.
- Enjoy a relaxed coffee break without disturbing noise thanks to our unique **Quiet Grinding System** which significantly reduces the grinding sound.
- Due to our **integrated flap** you will not only receive clump free fluffy grinded coffee but also eliminate the electrostatic charge to ensure a high dose consistency and a counter always clean. Enjoy the full flavor of your coffee.

USABILITY

- **Dedicated Exclusive touch display:**
 - 2 programmable doses, full management of the grinding time and continuous mode ("Extra Dose");
 - Dose counter of single, double and continuous modes;
 - Lock function of the dose setting.

- Grind activation by display, for an **easy and intuitive user experience**.
- Dedicated **metallic fork** for **"Hands-Free"** operations.
- Burrs regulation **knob with extra comfort design**.

MAINTENANCE

- **"High Speed Maintenance"**: unique ease to access to the grinding chamber with few quick and simple steps.
- **The grinding setting is kept unchanged** after each burrs maintenance (both cleaning and replacing).

HIGH-END VOCATION

- Extraordinary **attention to details**, both in terms of desing and materials.
- **Clean and modern design**, designed by Studio Paoli in Milan for customers keen to aesthetics.

PREMIUM METERIALS

- **100% metal grinder**, without any use of plastic.
- Dedicated **chrome aluminium base**, to ensure a massive stability and robustness.
- Dedicated **aluminium hopper lid**.
- **Tritan bean hopper** (special material), super resistant and fall-proof
- **New generation touch screen** entirely in glass.

EDISON 65 SD

PERFORMANCE

- **“High Speed” productivity (2,3 - 2,8 Espresso)**, thanks to the unique combination of high-performance motor and 65 mm flat burrs, conceived for pro barista to offer excellent grind quality and speed.
- Thanks to **infinite adjustment points** (patented by Conti Valerio) the knob guarantees incomparable grind performances in terms of precision and allows to carry out maintenance operations without losing the set setting.
- Enjoy a relaxed coffee break without disturbing noise thanks to our unique **Quiet Grinding System** which significantly reduces the grinding sound.
- Due to our **integrated flap** you will not only receive clump free fluffy grinded coffee but also eliminate the electrostatic charge to ensure a high dose consistency and a counter always clean. Enjoy the full flavor of your coffee.

USABILITY

- **Dedicated Exclusive touch display:**
 - 2 programmable doses, full management of the grinding time and continuous mode (“Extra Dose”);
 - Dose counter of single, double and continuous modes;
 - Lock function of the dose setting.
- Grind activation by display, for **an easy and intuitive user experience**.
- Burrs regulation **knob with extra comfort design**.

ZERO RETENTION ORIENTED

- **Single Dose Blow Up Cleaning**, designed to grind the next shot with chamber always clean.
- **Single Dose Hopper (45 g)**, with revolving metal tab, designed to grind single shot.
- **Adjustable All-in-One fork**, designed by our R&D to be perfectly compatible with both Lux Black Cup and any type of portafilter.

MAINTENANCE

- **“High Speed Maintenance”**: unique ease to access to the grinding chamber with few quick and simple steps.
- **The grinding setting is kept unchanged** after each burrs maintenance (both cleaning and replacing).

HIGH-END VOCATION
